This matter comes before the Public Service Commission of South Carolina (Commission) on the request of Nextlink Wireless, Inc. (f/k/a LMDS Holdings, Inc.) (Nextlink or the Company), filed December 5, 2007, for confidential treatment of the Company's annual Universal Service Contribution Worksheet for year ending December 31, 2006. In its request, Nextlink states that it deems the information contained in the Company's report to be confidential. According to Nextlink, the report contains market-

sensitive information that the Company's competitors could use to their economic advantage.

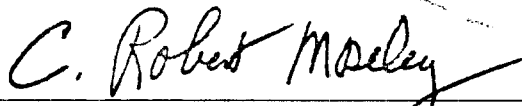

S.C. Code Ann. Section 30-4-40(a) (1) (Supp. 2006) states that a public body may exempt "trade secrets" from disclosure, which include materials containing references to competitive information. Since Nextlink's report contains proprietary and competitively sensitive information concerning various parameters measured by the Company, we declare the material to contain "trade secrets," and we grant the request for confidential treatment. Accordingly, Nextlink Wireless, Inc.'s Universal Service Contribution Worksheet for year ending December 31, 2006, shall be maintained under seal and withheld from public disclosure.
